INTERNATIONAL CONFERENCE ON MODELING &
SIMULATION IN CIVIL ENGINEERING

ABOUT US

TKM College of Engineering, the first Government-aided autonomous engineering college in Kerala, was founded in 1956. The college is affiliated to the APJ Abdul Kalam Technological University and is approved by the All-India Council for Technical Education (AICTE), New Delhi. The college is also accredited by NAAC with an A Grade. It is a renowned technical institution in India, offering courses in eight branches of engineering at the undergraduate level, M-Tech and MCA programs at the postgraduate level. To know more about the college, please visit www.tkmce.ac.in

The Department of Civil Engineering, TKM College of Engineering, came into existence along with the inception of the institution in 1958. Today, it is ranked as one of the best in the State and hosts various B.Tech programmes and Two M.Tech programmes in Structural Engineering & Construction Management and Transportation Engineering

Kerala Institute of Local Administration (KILA) is an autonomous institution functioning for the capacity development of Local governments in Kerala. It was registered under the Travancore-Cochin Literary, Scientific and Charitable Societies Act 1955. Ever since its inception in 1990, KILA has been engaged in a myriad of capacity development interventions on local governance and decentralization; including training, action-research, publications, seminars and workshops, consultancy, documentation, handholding and information services. It imparts training and support to various states of India and many countries. It has six campuses across the state. It is also developing a new International Centre for Leadership Studies under which is the Institute of Public Policy and Leadership affiliated to the Kannur University..

RESOURCE PERSONS

- **Dr. Ramaswamy K. P.**
Professor in Civil Engineering (Consultancy & Testing)
TKM College of Engineering, Kollam
- **Technical Experts,**
KIIFB Quality Management Team

ABOUT THE PROGRAM

This one-day workshop is expected to give a comprehensive coverage of the latest techniques of Non-Destructive Testing (NDT) and Quality control in Concrete Construction. This program is organized by the Centre for Sustainable Practices (CSP), Department of Civil Engineering, TKMCE, Kollam in association with Kerala Institute of Local Administration (KILA) as a part of the International Conference on Modeling and Simulation in Civil Engineering ([ICMSC 2022](#)).

The program includes two sessions:

FN Session: An overview and demonstration of NDT Techniques:

The session on NDT methods includes the live demonstration of following instruments:

- Rebound hammer
- Ultrasonic Pulse Velocity (UPV)
- Ground Penetrating Radar
- Rebar locator
- Profometer Corrosion
- Concrete Core Cutter

AN Session: Quality control in concrete
