No. 33/ACS/2019/LSGD

Dated 25/02/2019

Dear Shri. Sajikumar,

CE	<i>[Signature]</i>

AO	
AA	
JS	

The percentage of expenditure of engineering projects in LSGI seems to be very low compared to the total percentage of expenditure of plan schemes. Kindly refer to progress of expenditure of Engineering Wing projects in 2018-19 available in LSGD website. It presents a very pathetic situation and the progress is varying from 5.8% in District Panchayats (56.64), 12.94% in Corporations (45.08), 19.6% in Municipalities (56.06), 22.98% in Grama Panchayats (69.66) and 27.95% in Block Panchayats (68.77). The figures in the brackets indicates total plan expenditure. This shows that if the expenditure in Engineering Wing was better plan expenditure of LSGD could have been much higher than the present level.

Kindly Inform Inspire and Motivate your Superintending Engineer in the Corporation and Executive Engineers in District Panchayats. I am attaching herewith a proforma for weekly progress report (starting from 22<sup>nd</sup> February onwards) to be filled by the Office of the Chief Engineer at State level, Superintending Engineer in 6 Corporations and Executive Engineers in 14 District Panchayats. Please consolidate it and

End No: DB3/5068/17/CE/LSGD, Dt- 27-02-2019. (MOST URGENT)

All officers concerned are directed to submit the above called-for details in the format attached with this letter from ACS. The details are to be submitted in the google sheet proforma published from this office. Detailed circular in this regard will be published soon.
