R  
26/7/2019

Dear Sir,

Subject: Centenary Celebrations - Organising a seminar by IEI on 'Kerala's water woes-Challenges and Mitigation'- Request for Association of Water Resources Department - regarding

The Institution of Engineers (India) or IEI is the largest multidisciplinary professional body that encompasses 15 engineering disciplines and gives engineers a global platform to share professional interest. IEI has membership strength of more than 0.8 million. Established in 1920 with its headquarters at 8, Gokhale Road, Kolkata-70020 IEI has served the engineering fraternity close to a century. During this period of time IEI has been inextricably linked with the history of modern day engineering.

The Intuition of Engineers (India) is celebrating its 100<sup>th</sup> year of formation starting from September 2019 extending for a period of one year. The celebration in Kerala is proposed to be inaugurated on 19<sup>th</sup> September 2019 at the State Centre by the Hon'ble Chief Minister. A two day technical seminar is planned as part of the inaugural function on the above topic on 19<sup>th</sup> & 20<sup>th</sup> September 2019 at the State Centre. The theme proposed is on the availability of water after the recent floods.

We cherish the long standing association between IEI and Local Self Government Department in various activities. For the successful conduct of the seminar, participation from your organisation is essential.

We look forward for association with the Department by way of being a participating organisation and deputing delegates for the seminar.

I request you to please consider this request and inform us the decision at the earliest as we propose to include the LSG Department as an associating organisation.

Looking forward for a favourable decision.

Thanking you,  
With regards,

24/7/19

Er.Asok Kumar K., FIE  
Honorary Secretary
